

Mechatronics Training 2018

In cooperation with our partner High Tech Institute (www.hightechinstitute.nl)

Premium	Advanced Motion Control 5-9 Nov.			Advanced Feedforward Control 21-23 Mar. (10-12 Oct.)			Design Principles Masterclass On request			Workshop Mechatronics System Design On request																				
Advanced	Motion Control Tuning 13-20 June			Design Principles in Precision Eng. 18-22 June			Design for Additive Manufacturing 30 May-1 June			Design for Ultra Clean Vacuum 12-15 June (20-23 Nov.)			Dynamics and Modelling 26-28 Nov.			Experimental Techniques in Mechatronics 19-21 June			Metrology & Calibration of Mechatronic Systems 6-8 Nov.			Actuation and Power Electronics 20-22 Nov.			Machine Vision in Mechatronic Systems 3-4 July			Thermal Effects in Mechatronic Systems 12-14 June		
Standard	Mechatronics System Design – part 2 29 Oct. – 2 Nov.										Summer School Opto Mechatronics On request																			
Basic	Mechatronics System Design – part 1 9-13 April (8-12 Oct.)
